A question I need help with

WARNING

Global Copper Tower is a scam "travel agency" They are a subsidiary of Royal palm holidays "allegedly".

Hello fellas! I recently received a voucher/ invite from Global Copper Tower. It's apparently based in the ibis hotel.

I'm usually skeptical of things that sound too good to be be true!

They are offering travels and accommodations and other services.

Has anyone had any experience with them or worked with them?

Thanks

Edit:- It was definitely a scam! They went on and on about how they weren't trying to sell anything and were being really nice, overly nice. They wanted like 1600 payment upfront!

I was with my parents since they were offering it to only couples, did some research on the fly and the reviews were bad. I then showed my parents, who were already doubting.

After that they tried to rapidly decrease the price to 500 and say how they did it from their heart and other bs etc.

Unfortunately one of my family friends got scammed real bad , my friends small brother won some kind of raffle draw of theirs and said they won a huge discount , as they were planning on going for a tour to 5 6 countries they bought the offer , paying upfront 2300 rials. Fast forward to recent times no one's answering their calls , they went to their office just to see it's all locked up
